SPECIAL THANK YOU TO Dillon Rosenau of Rosenau Transport!

The board and the entire association thank you for your donation of good quality used goalie equipment. It's because of generous donations like yours that help associations like ours keep fees low and allow the kids to play the sports they love.

Did you know BAHA is looking to purchase good quality used goalie equipment?

If you have equipment that you are looking to sell please contact Shaun at equipment-director@baha.ab.ca and he would be happy to take a look at the equipment!

DID SOMEONE SAY CASINO?

BAHA was awarded Casino nights in February of 2023. We'll be looking for volunteers to help work the two nights we have. Keep an eye out for the shifts going up!

B.A.H.A. Outdoor Rink

In our continued partnership with the City of Beaumont and to help assist and provide more places for sport to our community, B.A.H.A. has sponsored the Outdoor Rink previously known as the J.E. Outdoor Rink. Going forward it will be the B.A.H.A. Outdoor Rink.

As a bonus to our members and teams, B.A.H.A. will have exclusive use of the rink on Tuesdays and Thursday's from 4:30pm – 6:45pm. We're busy working on how this will look for our teams & members and we will update our members soon!

Additionally, B.A.H.A. holds the right to host an OUTDOOR TOURNAMENT on this rink. We are busy planning and working away to see what a tournament would look like for us.

We are so excited to continue our partnership with the City of Beaumont, and to provide some new and fun ways for our members to utilize the B.A.H.A Outdoor Rink!

A Special THANK YOU to all those who donated and sponsored our Golf Tournament this year.

Without your generosity fun evenings and associations like ours would not be able to operate.

See page 5 to see some of our donators and Sponsors!

Tournament Rules:

All players will tee off at every hole.

Men will tee off from the WHITE tee box.

Ladies will tee off from the GREY/SILVER tee box.

Once all players have teed off, the team decides which drive is the best. From there, all members of the team place their golf balls where the chosen drive ended up. All balls must be placed in the same condition as the shot. IE - Hazard, Bunker or rough. With ALL team members playing a second shot from this spot. Each team member MUST contribute a minimum of 2 tee shots during the round. Including the Par 3's.

KEEP IN MIND THE MAXIMUM SCORE ALLOWABLE IS DOUBLE BOGEY. So if your team makes it to the score of double bogey and still has yet to putt out, to keep up the pace of play we ask that you pick up your balls, mark the double bogey score and continue onto the next hole.

From these second shots, one shot is chosen as the best, and all play a third shot from there - and so on until the ball is holed. Each team returns ONE score for each hole and the team with the lowest score for the round wins!

There are also Mulligan coupons, and Putting Strings available for purchase at the registration table, and they will be driven around for sale throughout the tournament to help you along the way as well. See the rules for those on the next page.

For the "special" or fun holes, there are some optional and some mandatory. They are noted in this booklet along with the rules for each with the hole. The rules for the mandatory "fun" holes are listed in this booklet next to the hole.

HOCKEY TRIVIA TID-BITS

Q: What is a hockey puck made of?

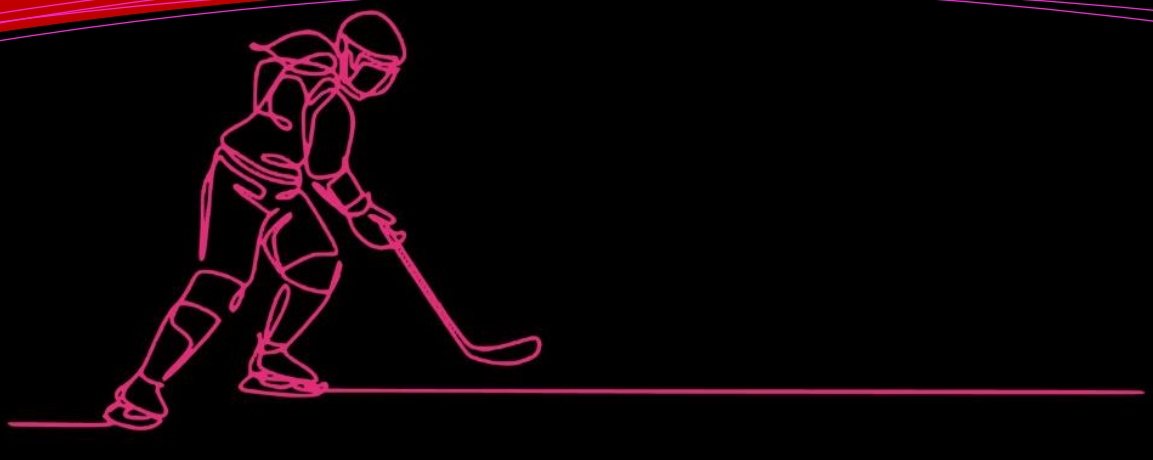

A: Modern hockey pucks are made of rubber that is vulcanized – a process that heats and hardens rubber into the small disks you'll be using to dangle the defense and go top shelf. A hockey puck produced for a game measures 1" thick and 3" in diameter. The dimensions of a puck are standard, but how much the puck weighs can vary. An official black hockey puck weighs in at 5.5-6 oz. The blue puck used for U7 & U9 weighs in at 4 oz.

Q: How did the hockey puck get its name?

A: No one knows for sure where the puck got it's name, but a couple of theories have risen to the top. One is that the puck was named after the character "Puck" in William Shakespears A Midsummer's Night Dream. Another holds that the word's etymology gave the puck it's name: some people believe the word comes from the sport of hurling and could derive from the Scottish Gaelic puc or the Irish poc, meaning to poke, punch, or deliver a blow.

FEMALE HOCKEY UPDATES

BAHA IS ALWAYS LOOKING FOR DONATIONS.

We are currently seeking prize donations for our upcoming 2022/2023 season tournaments. If you think you have something to donate please contact Lisa at tournament-director@baha.ab.ca

STILL HAVE SOME FEMALE SPOTS AVAILABLE

B.A.H.A. still has room for female players in our U13 and U15 levels, the deadline to register for our female program is August 15th 2022. If you are still interested in our program please register soon.

As always the earlier you register your child in our female stream the easier it is for us to confirm if a team will happen or not. We are busy behind the scenes trying to grow, expand and improve the female program. But without participation we cannot grow or improve the program as easily. **TELL YOUR FRIENDS!**

For those who are unaware, our female teams play against other all-female teams in the EFHL growing the sport of women's hockey.

FEMALE HOCKEY TRIVIA TID-BITS

Q: When did women's hockey start?

A: The first women's ice hockey league was organized in Quebec in 1900. The first women's ice hockey tournament took place in Banff, AB in 1906. The first Women's World Hockey Tournament was held at Centennial Arena in North York, ON in 1987. And in 1998 Women's Hockey was introduced into the Olympics Games.

Q: Which NHL team was the first to have a female player?

A: The Tampa Bay Lightning – in 1992 Manon Rheaume tried out for the Tampa Bay Lightning. This was the first time a female player tried out for an NHL game. She played in two preseason games. She also played for Canada's women's hockey team in the 1990s.
