## New Rink & Question to Members

### NEW RINK

We are pleased to report to all of our members that we have been in talks with the City of Beaumont to build a new proposed outdoor practice rink/community rink. All though talks are still preliminary it has been approved to go ahead!

Dates, locations and details, and potential availability information is still to come. We will be sure to update as the information becomes available!

### QUESTION TO MEMBERS

The board is looking for YOUR feedback in regards to a Breakfast Club Skate. These skates would be a pre-registered skate, that would be early mornings (before school). BAHA would potentially bring in outside instruction to help develop skills at these skates.

To express your interest or give feedback about this program head on over to the link below and fill out the survey:

## For the Coaches

It takes a lot of commitment to be a coach in hockey. So we would like to take this opportunity to thank all of our coaches who tirelessly dedicate their time to our association and the players who play in it. Hockey isn't always just a game, it's a lifestyle, and a dedication. It's a little dream inside each and every player to lace up and play their hearts out. You as coaches help each and every player grow in your own way. So the Association would like to thank all that you do for the teams and players this coming season.
